## Summary

I am a **full stack developer** specializing in **React**, **Node.js (Express.js)**, **MongoDB**, and **Jest**.  My current interests include **Next.js**, **TypeScript**, **Cypress.io**, **React Testing Library**, and **Storybook**.  I have **3 years** of experience in the JavaScript ecosystem.  And I have built and worked on web applications geared toward the general public and general industry.

## Projects

### React Job Simulator ( [Code](#) | [View Site](#) )
**December 2023 - March 2024**

Took part in job simulation program designed by Sr. React developed.  Worked on error logging and monitoring tool built with **Next.js** framework, **React**, and **TypeScript**.

- Completed feature requests from **Kanban board** simulating professional work environment.
- Wrote automated tests with **Cypress**, improving proper project design and function.
- Built UI kit based on **Figma** designs, creating pixel-perfect rendering.

### In-Season Produce Project ( [Code](#) | [View Site](#) )
**May 2023 - November 2023**

A full stack **Node.js (Express), React** application for the person seeking to find in-season local produce.

- Developed **RESTful API** to control user functions using **Express.js** with **MongoDB** as a persistence layer Incorporated **React Router v6** for client-side routing, providing faster user experiences.
- Incorporated **JWT Web Tokens** and **HTTP Cookies,** securing the transfer and storage of sensitive data.

## Experience

**Berkshire Hathaway**                                                 **2017 – 2019**
**Licensed Real Estate Agent** – Summerville, SC
- Supported buyers and sellers in process of purchasing or selling residential property.

**Spartanburg Day School**                                            **2013 – 2016**
**Upper School VISTAS Teacher** – Spartanburg, SC
- Supported learning disabled students (ADHD, Aspergers, Dyslexia, etc) in acquiring and applying the skills and know-how to succeed in a college-preparatory classroom, improving letter grades and confidence.

**Hanalani Schools**                                                   **2010 – 2011**
**Upper School Instructor** — Mililani Town, HI
- Built 10th grade English curriculum that conveyed core content while also inspiring collaboration, adaptive problem-solving skills, critical thinking, communication, and positive digital citizenship.

**Evangelical Christian School**                                      **2007 – 2009**
**Upper School Instructor** — Fort Myers, FL
- Tailored Theology curriculum, giving students a personal and appropriate learning experience.
- Develop curriculum for Keyboarding class, leaving students with a comprehensive and interactive course.
